Education

PES University, Electronic City Campus

B.Tech in Computer Science and Engineering

Expected 2027

CGPA: 7.81/10

National Centre for Excellence

Class XII: 84% , Class X: 94%

Experience

CAVE Labs – PES University EC Campus

Jun 2025–Aug 2025

- Developed an immersive Unity VR training application that teaches medical students correct blood pressure cuff placement through realistic clinical simulation.
- Built interactive workflows using Unity XR Interaction Toolkit and C#, enabling guided practice, object interactions and feedback-driven learning.
- Collaborated on scene management, testing and UI improvements to create an intuitive educational experience.

Projects

AI SOC Analyst – Intelligent Security Log Analysis Platform

- Built an AI-assisted SOC platform using FastAPI, React, LangGraph and Gemini to analyze Windows, Linux and CSV logs.
- Detects brute force, password spraying, privilege escalation and data exfiltration attacks through modular detection rules.
- Developed a modern dashboard with historical analyses, incident timelines and persistent analysis history.

AI-Powered Adaptive Interview Preparation Platform (Ongoing)

- Developing a full-stack interview platform integrating resume analysis, Retrieval-Augmented Generation (RAG) and adaptive interview workflows.
- Uses SBERT, BERT, DistilRoBERTa, FLAN-T5 and FAISS for semantic retrieval, resume classification and intelligent question generation.
- Designed to deliver personalized interview practice and automated feedback across technical domains.

Technical Skills

Languages: Python, Java, C++, C, JavaScript, TypeScript, SQL, C#

Frontend: React, HTML, CSS, Tailwind CSS

Backend: FastAPI, Flask, Express.js, REST APIs

AI/ML: NLP, LangGraph, LangChain, TensorFlow, Keras, Hugging Face, Scikit-learn, Gemini API, RAG

Databases: MongoDB, MySQL

Cloud/DevOps: Docker, Kubernetes, Jenkins, Git, GitHub, Render, Vercel

Tools: Unity, Blender, VS Code, Postman

Core CS: DSA, OOP, DBMS, Operating Systems, Computer Networks, Software Engineering

Honors & Awards

- Awarded the PES University Distinction Scholarship for academic performance in Semesters 1, 2, 5 and 6.

Additional Information

Languages: English (Fluent), Hindi (Fluent), Tamil (Fluent), Kannada (Basic)

Interests: AI Systems, Sports, Music
